

SEMINÁRIO PORTUGUÊS ITINERANTE DE
MATEMÁTICA NÃO STANDARD
PORTUGUESE ITINERANT SEMINAR ON
NONSTANDARD MATHEMATICS
SPIMNS

Founded by Imme van den Berg (CIMA, U. Évora), João Paulo Teixeira (CAMGS, IST) and Vítor Neves (CEOC, U. Aveiro).

The seminar had four sessions: September 22nd & 23rd, 2006 at Aveiro, November 24th & 25th, 2006 at Évora, March 9th & 10th, 2007 at Porto, November 23rd & 24th, 2007 at Lisboa; another session for next September at Aveiro is being prepared.

Beyond the founders, mathematicians for all universities mentioned participated; Jean-François Colombeau was invited, from France, for the last session.

Talks and discussions took place on Mathematical Analysis, Asymptotic Analysis and Difference Equations, different concepts of Connectedness, Critical Point Theory, Degree Theory, Foundations and Mathematical Physics.
